3 – 5 Pages Double Spaced

Times new roman font (size 11)

(a) Non-Technical Project Abstract

No more than 250 words in length. Should include a brief description of the nature of the research project or creative work, the primary objective of the project, and the anticipated results or output of the project. The abstract should be written in a tone appropriate for a general academic audience so that it is understandable to scholars from outside the discipline of the proposed project.

(b) Project Objectives:
Primary objectives of the project should be stated.

(c) Project Significance:
Significance of the project should be described. Show that the results and findings would be of interest to an academic community of scholars in the field of the inquiry.

(d) Methods of Work:

• Describe how the work on the project will be conducted, including the specific techniques and tools of the discipline that will be used to complete the project.

• Describe the projected results of the project and their importance to the discipline.

• Describe any special facilities, equipment, or tools that are necessary for the successful completion of the project.
